

Green Power Certificate

valid from 2021-01-01 to 2022-12-31

Cohu GmbH

Geigelsteinstraße 6, 83059 Kolbermoor

During above-mentioned period, the named company is electricity customer of Stadtwerke Rosenheim Versorgungs GmbH, which ensures a hundred percent green electricity supply from regional renewable energies in accordance to the customer consumption.

The customer thus makes an important contribution to climate and environmental protection and supports the regional generation of electricity from renewable energies as of photovoltaics, water, biogas, biomass and wind.

Consumption p. a.

750 MWh

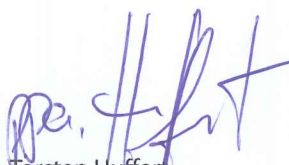

CO₂-Reduction*

385,50 t

*compared to the CO₂-emissions of the German electricity mix according to the Federal Environment Agency
